Plight of Indians in Fiji

253. SHRI ASHOK MITRA: Will the Minister of EXTERNAL AFFAIRS be pleased to state:

(a) whether reports are received on a regular basis from our Resident Mission in Suva on the plight of Indian settlers in Fiji;

(b) and (c) Government of India has taken sustained action to bring the racial discrimination against Fijian nationals of Indian ethnic origin to the notice of the international community e.g., at Commonwealth Summits, sessions of the United Nations General Assembly and United Nations Human Rights Commission and other international fora. We have noted that the Government of Fiji has set up a Constitutional Review Commission and we hope that this will prepare the way for a constitutional arrangement that is democratic, just and non discriminatory and acceptable to all nationals of Fiji including those of Indian ethnic origin. We have also made clear our view that until the review leads to an outcome on these lines, it would not be appropriate to consider Fiji's re-entry into the Commonwealth. The Government of India is keeping track of the progress in constitutional reform in Fiji and we are awaiting the outcome of the deliberations of the Constitutional Review Commission. Government will take this into account in deciding whether and in what manner to raise this issue in the United Nations Human Rights Commission.
